

## **Participation Instructions for the virtual 2024 RallySport Ontario AGM**

Hello folks,

The following is general information with regards to the virtual RSO AGM taking place on Saturday March 15 at 4pm. Please make sure you have taken a read through prior to the meeting and we will also go over the relevant points before the meeting starts.

If you have any questions with regards to the instructions prior to the meeting, please contact [Secretary@rallysport.on.ca](mailto:Secretary@rallysport.on.ca)

### 1. Ahead of the Meeting:

- a. If you are receiving this document you have already indicated that you will be joining the meeting. If you are a Club rep and have other members that wish to join, please have them contact the Secretary for the relevant documents. Delegates packages minus the financial information can also be found on the RSO website ([www.rallysport.on.ca](http://www.rallysport.on.ca)). Financials will be displayed during the meeting but you should also have received them via email.
- b. All proxies must be received via email to the Secretary no later than 12 noon on Saturday March 15 to help the meeting preparation run smoothly.  
**This includes CLUB proxies.**

### 2. Instructions for Attendees:

- a. Accessing the video conference: A link to the virtual AGM will be sent to Club Reps, and members who have indicated they will be participating. You can also contact [secretary@rallysport.on.ca](mailto:secretary@rallysport.on.ca)
- b. Platform for the Meeting: The meeting will be held on the WebEx platform. You can download the desktop application or access through your web browser. You can also access it through the app on your phone/tablet.
- c. Registration (joining the call): Between 3:30pm – 3:50pm. Please give yourself time to get accustomed to the system. It's very simple to use but we will have tech support available and instructions will be given on where to look for specific functions prior to the meeting starting.
- d. Brief overview: Given before start of meeting
- e. Start Time: 4pm Saturday March 15 or shortly thereafter.

- f. What you will need:
  - i. Preferable – Laptop/PC & Headset - whether specific to your computer or your phone earphones & mic if applicable. Access can also be gained through the WebEx app.
  - ii. Manageable – Laptop/PC only with built in speaker & mic
  - iii. Alternative – Call in via cellphone – However, please note you will have no voting capabilities if election votes go to secret ballot if joining by phone as these will be done via typed polling questions within the system
- g. Votes:
  - i. Usually you would be given a voting slip at the meeting with your number of votes. For the virtual AGM, as long as you are a confirmed 2024 RSO affiliated Club member it is assumed you have 1 vote – you will not receive confirmation of this.
  - ii. If you are holding proxies, the secretary will advise you via a chat message or prior to the meeting as to the number of votes you are holding once you join the meeting (this includes Club proxies).

**NOTE:** This is a **VIDEO CONFERENCING** platform – if you do not wish to have video capabilities, please turn off the videoing function within the meeting. You will still be able to view the speaker but will not be seen via video yourself. **NOTE:** The meeting will be recorded

- 3. Once in the meeting room, attendees will be put on mute by the host.
  - i. Attendees have the ability to unmute themselves by selecting the mic/mute button in the system
  - ii. Please remain muted during the AGM unless you are asking a question, proposing a motion, seconding a motion, nominating an election candidate or giving a Club report.
- 4. Motions:
  - a. In order to move or second a motion (eg. Minutes from the previous AGM, agenda etc) please unmute and state your name
  - b. Instead of asking for members' approval of an action, we will only ask for those who are **AGAINST** it to voice it. This will hopefully keep the number of people talking to a minimum. Please state your name and if you are carrying more than one vote, please advise the number of votes that are against, otherwise it will be assumed that the vote you are giving carries the weight of the number of votes you hold for the meeting. (eg. If you hold

30 votes and only one is against, please voice the 1 vote otherwise it will be assumed you voted 30 against)

5. Elections:

- a. There are a number of elections – all elections will be processed separately as usual.
- b. Process is as normal:
  - i. RSO President will introduce role up for election
  - ii. Please unmute yourself to nominate a candidate – stating name of nominee and your own name
  - iii. Someone will be required to second the nomination.
  - iv. Further nominations for that role will then be accepted.
  - v. If:
    1. Only 1 member is nominated – they will confirm willingness to accept role & will be acclaimed
    2. 2 or more members nominated – they will confirm willingness to run & if more than one is willing, vote will go to a secret ballot

6. Secret Ballots:

- a. These will be performed through the platform's chat function - please direct your answers via a message to the Secretary
- b. If you are holding split votes with proxies, please indicate those votes in your answer eg. Candidate X is \* votes, Candidate Y is \*\* votes
- c. Time limit for voting will be 1 minute.
- d. Votes will then be counted by the secretary and final result announced by RSO President. In the event that the secret ballot is for the secretary role, answers and results will be directed to and counted by the treasurer
